Uzone Style

A roof with features

The Uzone system will be available in Victorian and Edwardian/Georgian versions, and can be built up to 3750mm width and/or projection.

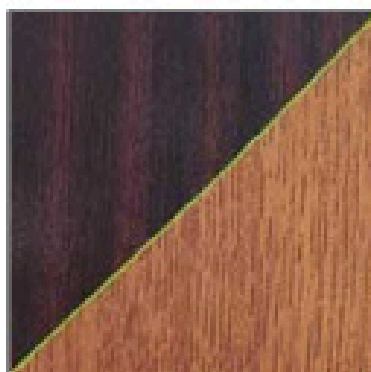

It features polycarbonate glazing and a 22.5 degree pitch, which is the optimum for fitting onto the majority of UK properties and under any window on an adjoining elevation.

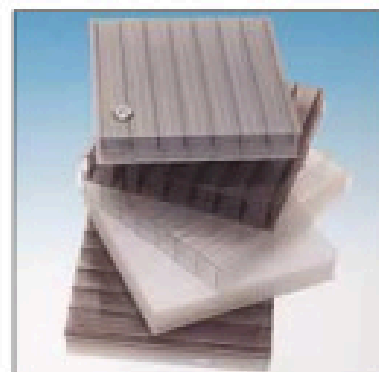

Conservaflash (TM).
The simple alternative to flashing. When used with the ridge hanger, Conservaflash is easy to install and makes weathproofing a doddle!

Cresting. A choice of styles to suit the period of your property

Foils. The PVC-U is also available in a foil finish - Mahogany or Golden Oak

Polycarbonate for the roof is available in 16mm clear, or 25mm bronze or opal
